

Index to Volume 34

The index to Volume 34 is composed of three parts: a subject index, an author index and an advertising index.

The subject index is made up mainly of terms constructed by *International Pharmaceutical Abstracts*. The IPA index is an alphabetical, open-ended controlled vocabulary index which makes use of standardized headings. (The primary index terms for each article are listed routinely in the *Journal* as "key words" following article abstracts.) The subject index also notes all regular *Journal* columns, and under the respective column headings, the titles of editorials and books reviewed, "Equipment and Supplies" and "News" items, and reports from affiliated chapters in "ASHP Affiliates." The subject index also contains, under the heading "Correction Notices," the title and issue of publication of items for which corrections were printed, as well as the page number on which the correction appeared.

Subject Index

A

Absorption

chlorthalidoxepoxide; following i.m. injection, patients, 965
diazepam; following i.m. injection, patients, 965
digoxin; following i.m. injection, patients, 965
lidocaine; following i.m. injection, patients, 965
phenytoin; following i.m. injection, patients, 965
warfarin; short bowel syndrome, therapy, case report, 171

Acetaminophen; poisoning; antidotes, case report, 391

Acetohexamide; adverse reactions; hypoglycemia, peritoneal dialysis therapy, patient, 68

Acetylcysteine

antidotes; poisoning, acetaminophen, case report, 391

colorimetry; dosage forms, 305

Acidifying agents; ascorbic acid; lack, effects, on urine pH, humans, 1234

Additives

calcium gluconate; incompatibilities, protein hydrolysate, combination, dextrose solution, 589

electrolytes; incompatibilities, protein hydrolysate, combination, dextrose solutions, 589

heparin; incompatibilities, protein hydrolysate, combination, dextrose solutions, 589

injections; containers, comparison of glass and plastic, 357; disinfectants, isopropyl alcohol, comparison, povidone-iodine, 1193; drug information, computerized hospital system, 976; economics, small hospital, 486; incompatibilities, with secondary additives at Y-injection sites of administration sets, 939; incompatibilities, protein hydrolysate combination, dextrose solutions, 589; insulin, parenteral nutrition solutions, effects, availability, 353

potassium phosphate; incompatibilities, protein hydrolysate, combination, dextrose solutions, 589

vitamins; incompatibilities, protein hydrolysate, combination, dextrose solutions, 589

Administration

hospital pharmacy; manpower, requirements, method for determination, 969

hospitals; budgets, political aspects and pharmacist's participation, 387

management; pharmacists, hospital, decentralized, staff, involvement in decisions, 248; strategy, as dynamic process, 1008

pharmacists, hospital; patient care area, 746

Adsorption

charcoal; activated, effects, saccharin concentration, in vitro, 1342

drugs; containers, injections, i.v., glass, comparison, plastics, discussion, 357

insulin; containers, polyvinyl chloride, administration sets, 583

Adverse drug reactions, see **Drugs**, adverse reactions

Advertising; drugs; journals, medical, lack effects, on prescribing patterns, 1208

Advertising Index, 102, 216, 316, 432, 550, 666, 784, 898, 1028, 1162, 1280, 1379

Albumin; effects; decrease, insulin loss, parenteral nutrition solutions, 353

Alcoholism; disulfiram; interactions, alcohols, ethyl, mechanism and therapy, humans, 827

Alcohols, benzyl; combination, cyanocobalamin; preservatives, multiple-dose vials, effects of refrigeration on bactericidal ability, 1196

Alcohols, ethyl

injections; storage, diethylhexyl phthalate, leaching, in PVC bags containing 5 different solutions, 259

interactions; disulfiram, mechanism and therapy, humans, 827

Alcohols, isopropyl; comparison, povidone iodine; disinfectants, preparation of i.v. admixtures, 1193

Allopurinol; spectrometry; in biological fluids, 984

Alloxanthine; spectrometry; in biological fluids, 984

Aluminum; containers; unit dose, repackaging, moisture permeability studies, 35

American Journal of Hospital Pharmacy; acknowledgment to reviewers, 1308

American Society of Hospital Pharmacists affiliated state chapter officers, 881

annual meeting; New York, May 15-18, 1977, program, 270

Board of Directors; actions, November 15-16, 1976, meeting, 167; March 31-April 1, 1977, meeting, 618; May 14, 1977, meeting, 850; August 1-2, 1977, meeting, 1252

Council on Clinical Pharmacy and Therapeutics; report of, 866

Council on Education and Manpower; report of, 867

Council on Legal and Public Affairs; report of, 869

Council on Organizational Affairs; report of, 871

Council on Professional Affairs; report of, 874

Executive Director; report of, 862

Guidelines for repackaging oral solids and liquids in single unit and unit dose packages, 1355

Guidelines for single unit and unit dose packages of drugs, 613

Harvey A. K. Whitney Lecture Award; 1976, 133

House of Delegates, 28th annual session; members of, 853; proceedings of, 851

Midyear Clinical Meeting, 1977; program, 1099

Minimum standard for pharmacies in institutions, 1356

officers, directors, councils and committees; directory of, 876

President and Chairman of the Board; report of, 856

President-elect and Vice Chairman of the Board; report of, 859

Residents in training in accredited programs; calendar year 1976, 615

Statement of advertising policy, 1252

Treasurer; report of, 863

Amino acids; effects; insulin, availability, parenteral nutrition solutions, 353

Aminoglycosides antibiotics; review, 723

drug use; monitoring, hospital program, 835

Amphetamine; toxicity, psychoses, following intentional overdose, patient, 883

Ampicillin; toxicity; alkalosis, hypokalemic

metabolic, following i.v. therapy, case report, 528

Antacids; formulation; sodium, and potassium, content, lists, clinical significance, 200

Antibiotics

aminoglycosides; review, 723

drug use; monitoring, hospital program, 835

Anticoagulants

factor VIII; patients, hemophiliac, education by pharmacists in home administration, 831

heparin; comparison, bovine lung and porcine intestinal, reduction, arterial thrombosis, surgical patients, 936

rational therapy; discussion, 1225

warfarin; short bowel syndrome, therapy, case report, 171

Anticonvulsants; phenytoin; availability, following i.m. injection, patients, 965

Antidepressants; tricyclic and monoamine oxidase inhibitors; combined therapy, patients, 954

Antidiabetic agents

acetohexamide; hypoglycemia, peritoneal dialysis therapy, patient, 68

patients; diabetic, monitoring, pharmacist's role, Indian Health Service hospital, 1242

Antidotes

acetylcysteine; poisoning, acetaminophen, case report, 391

charcoal; activated, incompatibilities, saccharin, effects on adsorptive quality of charcoal, in vitro, 1342; activated, poisoning, acetaminophen, case report, 391

cysteamine; poisoning, acetaminophen, case report, 391

Antihistamines combinations; chromatography, liquid, high-pressure, 651

Parkinson's disease; mechanism of action, therapy, patients, 531

Anti-infective agents; drug use; monitoring, hospital program, 835

Antineoplastic agents

drug information; physicians, oncologists and nononcologists, survey, evaluation, positive response, 839

methotrexate; toxicity, prophylaxis, leucovorin rescue, patients, 961

Antiparkinson agents; mechanism of action; therapy, patients, 533

Ascorbic acid

effects; lack, on urine pH, humans, 1234

interactions; Clinintest, lack, effects, high doses on test results, patients, 1347

Boston Collaborative Drug Surveillance Program; toxicity; drugs, results, summary, 753
Brompheniramine; combination, chlorpheniramine, pheniramine, pyrilamine; chromatography, liquid, high-pressure, quantitative, 651
Bronchodilators
 theophylline; availability, dosage forms, comparison, i.v., tablets and solutions, asthmatic patients, 525; dosage, pharmacokinetics, role of pharmacist, asthmatic patient, 402
Budgets; hospitals; pharmacists, participation, and political aspects, 387
Burns; patients; solutions, preservatives, sterile, homograft skin from cadavers, 1353

C

Caffeine; combination, aspirin, phenacetin, propoxyphene; effects, temperature and moisture on aspirin stability, 267
Calcium gluconate; additives; incompatibilities,

protein hydrolysate, combination, dextrose solutions, 589
Calcium phosphate; additives; incompatibilities, protein hydrolysate, combination, dextrose solutions, 589
Calculators; electronic; pharmacokinetics, programs, 70
Carbenicillin; interactions; gentamicin, inactivation, renal failure patient, 1137
Cardiac drugs
 digoxin; availability, following i.m. injection, patients, 965; patients, education, by pharmacists, 367
 lidocaine; availability, following i.m. injection, patients, 965
 procainamide; agranulocytosis, case report, 1362
Cathartics; use; and abuse, discussion, 291
Central nervous system stimulants; amphetamine; psychoses, following intentional overdose, patient, 883
Cephalosporins; derivatives; review, 621
Cephalothin
 sodium; filters, inline, membrane and steel, drug binding, 1071
 toxicity; phlebitis, prophylaxis, heparin and hydrocortisone, patients, 29
Charcoal; activated; antidotes, acetaminophen poisoning, case report, 391; incompatibilities, saccharin, effects on adsorptive quality of charcoal, in vitro, 1342
Chlordiazepoxide; availability; following i.m. injection, patients, 965
Chlorpheniramine; combination, brompheniramine, pheniramine, pyrilamine; chromatography, liquid, high-pressure, quantitative, 651
Chromatography, liquid; antihistamines; high-pressure, combinations, 651
Classified Advertising, 100, 215, 314, 431, 549, 665, 779, 896, 1004, 1158, 1260, 1377

 drug information; pediatrics, acting as applied pharmacologist, 372
 job satisfaction; survey, 241
 role; patients, diabetic, monitoring, Indian Health Service hospital, 1242; outpatients, primary care, Indian Health Service Clinic, 1096
 services; emergency medicine, 843
 skilled nursing facilities; services, opportunities, 751
Clinical pharmacy
 drugs; neonates, studies, following prenatal, labor and delivery and postnatal exposure, 609
 health care; team, educational services for diabetic patients, 1245; team, effects on drug use in psychiatric facility, 604
 patients; cardiac, education, 367
 role; family physician residency training program, 973
 services; drug distribution systems, effects, 1093; economics, small hospital, 486; emergency medicine, 843; patients, diabetic, ambulatory, 1238; patients, in cardiac rehabilitation unit, and pharmacist reimbursement, 1350; reimbursement, third party, 823
 skilled nursing facilities; services, opportunities, 751
 theophylline; dosage, calculations, asthmatic patients, 402
 workload; studies, rural hospital with comprehensive services, 1063
Clinitest; interactions; ascorbic acid, lack, effects, high doses on test results, patients, 1347
Closures
 injections; intravenous, disinfectants, povidone-iodine, comparison isopropyl alcohol, 1193
 safety; child resistant, outpatients, difficulty in opening, 255
Codes; prescriptions; ingredients, computerized

listing, 847

Colorimetry; acetylcysteine; dosage forms, 305

Combined therapy

antidepressants, tricyclic and monoamine oxidase inhibitors; patients, 954
heparin and hydrocortisone; phlebitis, cephalothin induced, prophylaxis, patients, 29
hydrocortisone and heparin; phlebitis, cephalothin induced, prophylaxis, patients, 29
monoamine oxidase inhibitors and antidepressants, tricyclic; patients, 954

Computer Concepts, 88

Concentration; saccharin; effects, adsorptive qualities of charcoal, in vitro, 1342

Containers

closures; safety, outpatients, difficulties in opening, 255
glass; effects, insulin availability, parenteral nutrition solutions, 353
glass, comparison, plastics; injections, i.v., discussion, 357
injections; plasticizers, concentration, effects of 5 different solutions, 259
plastics, comparison, glass; injections, i.v., discussion, 357
polyvinyl chloride; adsorption, insulin, administration sets, 583; effects, insulin availability, parenteral nutrition solutions, 353; isoproterenol, solutions, stability, following storage, 709
unit dose; repackaging, moisture permeability studies, 35

Contamination

containers; injections, i.v., plastics, comparison, glass, discussion, 357
drugs; inhalation, toxicity studies, unit dose syringes vs multiple dose vials, lack effects on pulmonary infection rates, patients, 492
injections; diethylhexyl phthalate, effects of 5 different solutions, 259
microbiological; preservatives, multiple-dose vials, effects of refrigeration on bactericidal capability, 1196; syringes, unit dose, sterility, surveillance method, 47
particles; roentgenographic agents, angiography, comparison, brands, 705

Contraindications; theophylline; half-life, fluctuations, acute left ventricular, patient, 408

Control; drugs; Finland, hospital pharmacy, discussion, 600

Control of Poisonings, 391

Control, quality; syringes; unit dose, sterility, bacterial surveillance, 47

Correction Notices

A model for the development of rural pharmaceutical services (Feb 1977), 455
Pharmacology and clinical use of drugs in hypertensive emergencies (Feb 1977), 577
Pharmacotherapy of asthma (Oct 1976), 124
Pharmacy-based special infant formula service (Oct 1976), 22
Plasma and erythrocyte kinetic considerations in lithium therapy (Jul 1976), 232
Stability of injectable medication after reconstitution (Aug 1976), 22, 348
Stability of several brands of ampicillin and penicillin V potassium oral liquids following reconstitution (Oct 1976), 348

Costs

additives; injections, small hospital, 486
blood; derivatives, therapy, hemorrhagic shock, discussion, 631
clinical pharmacy; services, in cardiac rehabilitation unit, 1350; services, small hospital, 486; services, reimbursement, 823
containers; injections, i.v., plastics, comparison, glass, discussion, 357
drug distribution systems; unit dose, small hospital, 486
drug use; antibiotics, hospitals, program, 835
drugs; pharmacists, team, effects on drug use in psychiatric facility, 604
factor VIII; patients, hemophiliac, education by pharmacists in home administration, 831
pharmacy, institutional, hospital; services, small

hospital, 486

Current Literature, 76, 176, 272, 398, 504, 644, 769, 888, 987, 1147, 1254, 1367

Cyanocobalamin; combination, alcohols, benzyl; preservatives, multiple-dose vials, effects of refrigeration on bactericidal ability, 1196

Cysteamine; antidotes; poisoning, acetaminophen, case report, 391

D

Dactinomycin; filters; inline, membrane and steel, drug binding, 1071

1-Deamino-8-D-arginine vasopressin; diabetes insipidus; therapy, case report, 1013

Denmark; pharmacy; practice, discussion, 595
Dexamethasone; sodium phosphate; filters, inline, membrane and steel, drug binding, 1071

Dextran

40; shock, hemorrhagic, therapy, discussion, 631

70; shock, hemorrhagic, therapy, discussion, 631

Dextrose

combination, protein hydrolysate; additives, incompatibilities, 589

injections; effects, on ethylhexyl phthalate concentration in PVC bags, 259; stability, 5-hydroxymethylfurfural, UV spectrometry, 205

Diabetes insipidus; 1-deamino-8-D-arginine vasopressin; therapy, case report, 1013

Diabetes mellitus; patients; ambulatory, pharmacists, effects on therapy, 1238

Dialysis; peritoneal; therapy, acetohexamide induced hypoglycemia, patient, 68

Diazepam; availability; following i.m. injection, patients, 965

Diethylhexyl phthalate; concentration; effects, ethyl alcohol, pH, time, mixing, in PVC bags containing 5 different solutions, 259

Digoxin

availability; following i.m. injection, patients, 965

filters; inline, membrane and steel, drug binding, 1071

patients; education, by pharmacists, 367

Diphenhydramine; combination, benzethonium chloride; preservatives, multiple-dose vials, effects of refrigeration on bactericidal ability, 1196

Disinfectants

alcohols; isopropyl, comparison, povidone-iodine; additives, i.v. preparation, 1193

glutaraldehyde; solutions, alkaline, stabilized, properties, 376

povidone-iodine, comparison, alcohols isopropyl; additives, i.v., preparation, 1193

Dissolution rates; nitrofurantoin; tablets, comparison, brands, dissolution-dialysis profile at various pH levels, 1323

Disulfiram; interactions; ethyl alcohol, mechanism and therapy, humans, 827

Diuretics; theophylline; half-life, fluctuations, acute left ventricular failure patient, 408

Dopamine; injections; dosage schedules, calculations, standardization, formula, 978

Dosage

ampicillin; high, toxicity, hypokalemic metabolic alkalosis, i.v. therapy, case report, 528

antibiotics; aminoglycosides, review, 723
ascorbic acid; high, lack, effects, on Clinitest determinations, patients, 1347

carbenicillin; reduction, when administered with gentamicin, renal failure patients, 1137

insulin; adsorption, polyvinyl chloride containers, administration sets, 583; effects, availability, parenteral nutrition solutions, 353

methotrexate; high, toxicity, prophylaxis, leucovorin rescue, patients, 961

theophylline; pharmacokinetics, role of pharmacist, asthmatic patient, 402

Dosage forms

potassium chloride; comparison, palatability, 1090

theophylline; availability, comparison, i.v.,

tablets and solutions, asthmatic patients, 525

Dosage schedules

antidepressants, tricyclic and monoamine oxidase inhibitors; patients, 954

clindamycin; calculations, by pharmacist, osteomyelitis patient, 980

dopamine; injections, calculations, standardization, formula, 978

effects; insulin, availability, parenteral nutrition solutions, 353

monoamine oxidase inhibitors and antidepressants, tricyclic; patients, 954

pharmacokinetics; slide rules, individualized drug dosing regimens, 197

Drug abuse; cathartics; discussion, 291

Drug administration

cephalothin; intravenous, phlebitis, prophylaxis, including membrane filter, patients, 29

injections; filters, inline, lack, effect, on reduction of infusion phlebitis, patients, 1068; sets, evaluations, 1315; storage, diethylhexyl phthalate, leaching, effects of 5 different solutions, 259

self-medication; patients, diabetic, ambulatory, pharmacists, role in therapy, 1238

Drug distribution systems

computers; automated, medication orders, 88

hospital pharmacy; Denmark, discussion, 595

hospitals; survey, effects on pharmacy services, 1093

unit dose; economics, small hospital, 486; inhalation therapy, vs multiple dose vials, lack effects on pulmonary infection rates, patients, 492; syringes, sterility, method for bacterial surveillance, 47

Drug information

additives; injections, computerized hospital system, 976

antineoplastic agents; physicians, oncologists and nononcologists, survey, evaluation, positive response, 839

clinical pharmacists; services, in cardiac rehabilitation unit, 1350

computers; PROMIS, problem-oriented, description, 155

injections; intravenous, nomenclature system, labeling and recording information, 1338

insulin; monitoring, role of pharmacist, Indian Health Service hospital, 1242

pharmacists; role, determination, for health care practitioners, 1208

pharmacists, hospital; pediatrics, acting as applied pharmacologist, 372

services; Denmark, discussion, 595

Drug information centers

evaluations; following relocation from school of pharmacy to teaching hospital, 42

personnel, pharmacy; services, pharmacist-manned, survey, 1201

Drug Information Digest, 200, 631

Drug interactions

antidepressants, tricyclic and monoamine oxidase inhibitors; patients, 954

ascorbic acid and Clinitest; lack, effects, high doses on test results, patients, 1347

carbenicillin and gentamicin; inactivation, gentamicin, renal failure patient, 1137

Clinitest and ascorbic acid; lack, effects, high doses on test results, patients, 1347

disulfiram and ethyl alcohol; mechanism of action, and therapy, humans, 827

ethyl alcohol and disulfiram; mechanism of action, and therapy, humans, 827

gentamicin and carbenicillin; inactivation, gentamicin, renal failure patient, 1137

monoamine oxidase inhibitors and antidepressants, tricyclic; patients, 954

Drug Reaction Alerts, 772, 889, 987, 1147, 1254, 1368

Drug Therapy Reviews, 49, 185, 291, 413, 531, 621, 723, 827, 954, 1075, 1225, 1332

Drug use

aminoglycosides; monitoring, hospital program, 835

antibiotics; monitoring, hospital program, 835
anti-infective agents; monitoring, hospital pro-

gram, 835
hospitals; models, 5-component, 251
psychiatric facilities; pharmacists, role, on team, 604

Drug use review
criteria; screening, discussion, 146
pharmacists; role, hospitals and skilled nursing facilities, 139
prescriptions; retrospective, outpatient hospital pharmacy, 152

outpatients; containers, closures, safety, difficulties in opening, 255; pharmacists, role, primary care, Indian Health Service clinic, 1086

Pediatrics

drug information; pharmacists, hospital, acting as applied pharmacologist, 372
drug use; screening, criteria, discussion, 146
neonates; toxicity, drugs, studies, following prenatal, labor and delivery and postnatal medication exposure, 609
use review; screening, criteria, discussion, 146

Peer review; pharmacists; role, hospitals and skilled nursing facilities, 139

Penicillin; derivatives; therapy, review, patients, 57

Permeability; moisture; containers, unit dose, repackaging, studies, 35

Personnel, pharmacy

administration; manpower, requirements, method for determination, 969
drug distribution systems; effects, on staffing patterns, 1093
drug information centers; services, pharmacist manned, survey, 1201
pharmacists, hospital; survey, levels of job satisfaction, 241
supportive; Denmark, discussion, 595; rural, Central Pharmacy of Presbyterian Medical Services, 163; technicians, inservice training program, 383; workload, in rural hospital with comprehensive services, 1063

Pharmaceutical education, see **Education, pharmaceutical**

Pharmacists

clindamycin; dosage schedules, calculations, osteomyelitis patient, 980
consultation; drugs, neonates, following prenatal, labor and delivery and postnatal exposure, 609;
outpatients, primary care, Indian Health Service clinic, 1086; role, family physician residency training program, 973
drug information; role determination, for health care practitioners, 1208
drug information centers; services, survey, 1201
drugs; neonates, monitoring, prenatal, labor and delivery and postnatal medication exposure, 609
drugs, availability; data, statistics, description of tests, 712
health care; team, effects on drug use in psychiatric facility, 604
reimbursement; patients, hemophiliac, education, home administration of factor VIII, 831;
third party, clinical pharmacy services, 823
role; patients, diabetic, ambulatory, therapy, 1238; pharmacokinetics, theophylline dosage calculations, asthma patients, 402
thanatology; role, patient and family, 490

Pharmacists, community; patient information profile, detection of drug-related problems upon patient admission to hospital, 738

Pharmacists, hospital

drug information; pediatrics, acting as applied pharmacologist, 372
economics; budgets, participation, 387
education; patients, cardiac, digoxin, 367
inhalation therapy; ventilators, monitoring of patient therapy, 362
job satisfaction; survey, 241
laws; collective bargaining, National Labor Relations Board rulings, 541
management; staff, decentralized, involvement in decisions, 248
patient information; profile, from community pharmacists, effects on drug-related problems upon patient admission to hospital, 738
role; family physician residency training program, 973; use review, drug use, quality assurance, peer review and health care audits, 139
specialties; patient care area, discussion, 746
workload; studies, in rural hospital with comprehensive services, 1063

Pharmacokinetics

calculators; electronic, programs, 70
clindamycin; dosage schedules, calculations, by pharmacist, osteomyelitis patient, 980
drugs; half-life, hepatic disease patients, table, 520
equipment; slide rules, individualized drug dosing regimens, 197
theophylline; dosage, role of pharmacist, asthmatic patient, 402; half-life, fluctuations, acute left ventricular failure patient, 408

Pharmacologists; applied; pharmacists, role, drug information, pediatrics, 372

Pharmacy

clinical, see **Clinical pharmacy**
education, see **Education, pharmaceutical**
personnel, see **Pharmacy, personnel**
professionalism, lack; Harvey A. K. Whitney Lecture Award, ASHP, 1976, 133
services; drug distribution systems, effects, in

hospitals, 1093; rural, Central Pharmacy of Presbyterian Medical Services, description, 163

Pharmacy, community

Denmark; discussion, 595
Finland; discussion, 600

Pharmacy, institutional, hospital

administration; management, strategy, as dynamic process, 1008
antibiotics; drug use, monitoring, hospital program, 835
clinical; services, emergency medicine, 843
decentralized; management, involvement of staff pharmacists in decisions, 248
Denmark; discussion, 595
drug information; problem-orientation, PROMIS, description, 155
drug information; antineoplastic agents, oncologists and nononcologists, survey, evaluation, positive response, 839
drug information centers; evaluations, following relocation from school of pharmacy, 42
education; residencies, behavioral objectives, 742
equipment; pumps, infusion, program, 697
Finland; discussion, 600
laws; substitution, anti, state, effects of amendments on formulary system, 90
manpower; requirements, method for determination, 969
medication orders; computers, system described, 88
outpatients; prescriptions, retrospective use review, 152
patient education; reimbursement, third party, 823
patients; hemophiliac, education, home administration of factor VIII, 831
professionalism; American Society of Hospital Pharmacists, Harvey A. K. Whitney Lecture Award, 1976, 133
role; family physician residency training program, 973
rural; Central Pharmacy of Presbyterian Medical Services, description, 163
services; economics, small hospital, 496; standards, Joint Commission on Accreditation of Hospitals, 1977, 943
specialties; patient care area, discussion, 746
Sweden; discussion, 1327

Phenacetin; combination, aspirin, caffeine, propoxyphene; effects, temperature and moisture on aspirin stability, 267

Pheniramine; combination, brompheniramine, chlorpheniramine, pyrilamine; chromatography, liquid, high-pressure, quantitative, 651

Phenobarbital; sodium; filters, inline, membrane and steel, drug binding, 1071

Phenol; combination, atropine; preservatives, multiple-dose vials, effects of refrigeration on bactericidal ability, 1196

Phenytoin; availability; following i.m. injection, patients, 965

Physicians

drug information; antineoplastic agents, oncologists and nononcologists, survey, evaluation, positive, response, 839
education; role, pharmacists, in family physician residency training program, 973
prescribing; lack, effects, journal drug advertising, 1208

Placental transfer; drugs; neonates, studies, following prenatal, labor and delivery and postnatal medication exposure, 609

Plasticizers

diethylhexyl phthalate; concentration, effects, various solutions, 259

polyvinyl chloride; containers, effects on insulin availability, parenteral nutrition solutions, 353

Plastics; containers; comparison, glass, injections, i.v., discussion, 357; unit dose, repackaging, moisture permeability studies, 35

Poisoning

acetaminophen; antidotes, case report, 391

amphetamine; psychoses, following intentional overdose, patient, 683

Polyethylene; containers; moisture, permeability, unit dose, studies, 35

Polyvinyl chloride; containers; adsorption, insulin, administration sets, 583; effects, insulin availability, parenteral nutrition solutions, 353; injections, diethylhexyl phthalate concentration, effects of 5 different solutions, 259; isoproterenol, solutions, stability, following storage, 709; unit dose, repackaging, moisture permeability studies, 35

Potassium; antacids; formulations, content, lists, clinical significance, 200

Potassium chloride

alkalosis; hypokalemic metabolic, ampicillin induced, therapy, case report, 528
equivalency; comparison, palatability of products, 1090

Potassium hydroxide; hydrolysis; spectrometry, ultraviolet, determination, esters and salicylamide, 653

Potassium perchlorate; stability; injections, i.v., and oral solutions, 93

Povidone-iodine; comparison, alcohols, isopropyl; disinfectants, preparation of i.v. admixtures, 1193

Precipitates; potassium perchlorate; injections, i.v., and oral solutions, refrigerated, 93

Prescriptions

ingredients; listing, computerized code system described, 847
prescribing; lack, effects, drug advertising in medical journals, 1208
use review; retrospective, outpatient hospital pharmacy, 152

Preservatives

alcohols, benzyl, combination, cyanocobalamin; temperature, multiple-dose vials, effects on bactericidal ability, 1196

atropine, combination, phenol; temperature, multiple-dose vials, effects on bactericidal ability, 1196

benzethonium chloride, combination, diphenhydramine; temperature, multiple-dose vials, effects on bactericidal ability, 1196

cyanocobalamin, combination, alcohols, benzyl; temperature, multiple-dose vials, effects on bactericidal ability, 1196

diphenhydramine, combination, benzethonium chloride; temperature, multiple-dose vials, effects on bactericidal ability, 1196

lidocaine, combination, parabens, methyl; temperature, multiple-dose vials, effects on bactericidal ability, 1196

parabens, methyl, combination, lidocaine; temperature, multiple dose vials, effects on bactericidal ability, 1196

phenol, combination, atropine; temperature, multiple dose vials, effects on bactericidal ability, 1196

solutions; sterile, homograft skin from cadavers, 1353

Procainamide; adverse reactions; agranulocytosis, case report, 1362

Professional fees

clinical pharmacy; services, in cardiac rehabilitation unit, 1350

pharmacists; education, hemophiliac patients, home administration of factor VIII, 831; education, patients, home therapy, 823

Progesterone; suppositories; manufacturing, and analysis, by hospital pharmacy, 1344

Propoxyphene

combination, aspirin, caffeine, phenacetin; effects, temperature and moisture on aspirin stability, 267

salts; review, 413

Protein hydrolysate

combination, dextrose; additives, incompatibilities, 589

effects; insulin, availability, parenteral nutrition solutions, 353

Psychiatric facilities; drugs; use, reduction, role of pharmacist on team, 604

Psychotherapeutic agents; lithium carbonate;

therapy, patient with inappropriate secretion of antidiuretic hormone, 1140

Purchasing; pharmacy; rural, Central Pharmacy of Presbyterian Medical Services, 163

Pyrimidine; combination, brompheniramine, chlorpheniramine, pheniramine; chromatography, liquid, high-pressure, quantitative, 651

Q

Quality assurance; pharmacists; role, hospitals and skilled nursing facilities, 139

Quality Control and Drug Analysis, 93, 205, 305, 651

R

Radiopharmaceuticals

potassium perchlorate; injections, i.v., and oral solutions, 93

sodium perchlorate; stability, oral solutions, 93

technetium; Tc 99m, labeling, red blood cell, using tin pyrophosphate, 264

Rational therapy

analgesics and antipyretics; propoxyphene, salts, review, 413

anticoagulants; discussion, 1225

cathartics; use, and abuse, discussion, 291

cephalosporin; derivatives, review, 621

drugs; neonates, studies, prenatal, labor and delivery and postnatal medication exposure, 609; psychiatric facilities, role, pharmacist, on team, 604

hypotensive agents; adverse reactions, review, 465

injections; i.v., and side effects, large-volume parenterals, 1332

Records

medical; problem-oriented, PROMIS, description, 155

Replacement solutions

shock; hemorrhagic, therapy, case report, 636; hemorrhagic, therapy, discussion, 631

therapy; and side effects, large-volume parenterals, 1332

Resistance

antibiotics; aminoglycosides, review, 723

cephalosporin; derivatives, review, 621

Ringer's injection

effects; ethylhexyl phthalate, concentration, in PVC bags, 259

lactated; shock, hemorrhagic, therapy, discussion, 631

Roentgenographic agents; angiography; contamination, particles, comparison, brands, 705

S

Saccharin; incompatibilities; charcoal, activated, effects on adsorptive qualities, in vitro, 1342

Salicylamide; spectrometry, ultraviolet; use, hydrolysis method with potassium hydroxide, 653

Shock

hemorrhagic; replacement solutions, therapy, case report, 636; therapy, replacement solutions and blood derivatives, discussion, 631

Silver proteins; mild; argyria, mistaken for cyanotic heart disease, case report, 287

Skilled nursing facilities

clinical pharmacy; services, opportunities, 751

quality assurance; pharmacists, role, 139

Skin; homografts; solutions, preservatives, sterile, 1353

Sociology

personnel, pharmacy; pharmacists, hospital, survey, levels of job satisfaction, 241

thanatology; pharmacists, role, patient and family, 490

Sodium; antacids; formulations, content, lists, clinical significance, 200

Sodium chloride; injections; effects, on diethylhexyl phthalate concentration, in PVC bags, 259

Sodium lactate; injections; effects, ethylhexyl phthalate concentration, in PVC bags, 259

Sodium perchlorate; stability; solutions, oral, 93

Solubility

chlorthalidoxepoxide; following i.m. injection, patients, 965

diazepam; following i.m. injection, patients, 965

digoxin; following i.m. injection, patients, 965

lidocaine; following i.m. injection, patients, 965

phenytoin; following i.m. injection, patients, 965

Solutions

glutaraldehyde; alkaline, stabilized, properties, 376

preservatives; sterile, homograft skin from cadavers, 1353

sodium perchlorate; oral stability, 93

Soybean oil; therapy; discussion, 1080

Spectrometry

allopurinol; in biological fluids, 984

alloxanthine; in biological fluids, 984

theophylline; in biological fluids, 984

Spectrometry, ultraviolet

dextrose; injections, stability, determination of 5-hydroxymethylfurfural, 205

hydrolysis; potassium hydroxide, determination of esters and salicylamide, 653

theophylline; drugs, interference, 496

Stability

additives; incompatibilities, with secondary additives at Y-injection sites of administration sets, 939

additives and protein hydrolysate; incompatibilities, 589

aspirin; formulations, combination, caffeine, phenacetin, propoxyphene, effects of temperature and moisture, 267

cephalothin; sodium, incompatibilities, membrane and steel inline filters, lack, effects on potency, 1071

dactinomycin; incompatibilities, filters, inline, membrane and steel, lack, effects on potency, 1071

dexamethasone; sodium phosphate, incompatibilities, membrane and steel inline filters, lack, effects on potency, 1071

dextrose; injections, 5-hydroxymethylfurfural, UV spectrometry, 205

digoxin; incompatibilities, filters, inline, membrane and steel, lack, effects on potency, 1071

glutaraldehyde; solutions, alkaline, properties, 376

injections; containers, PVC, leaching, diethylhexyl phthalate, 259

insulin; adsorption, polyvinyl chloride containers, administration sets, 583; injections, parenteral nutrition, decreased availability, 353

isoproterenol; hydrochloride, incompatibilities, membrane and steel inline filters, lack, effects on potency, 1071; solutions, following storage in polyvinyl chloride bags, 709

packaging; unit dose, moisture permeability studies of repackaging materials, 35

phenobarbital; sodium, incompatibilities, membrane and steel inline filters, lack, effects on potency, 1071

potassium perchlorate; injections, i.v., and oral solutions, 93

preservatives; vials, multiple-dose, effects of temperature on bactericidal ability, 1196

protein hydrolysate and additives; incompatibilities, 589

saccharin; incompatibilities, activated charcoal, effects on adsorptive qualities, in vitro, 1342

sodium perchlorate; solutions, oral, 93

Standards; Joint Commission on Accreditation of Hospitals; 1977, pharmacy services, 943

Statistics; drugs, availability; data, pharmacists, description of tests, 712

Sterility; syringes; unit dose, method for bacterial surveillance, 47

Steroids, cortico-; toxicity; side effects, humans, 479

Storage

containers; injections, i.v., plastics, comparison, glass, discussion, 357
dextrose; injections, stability, 5-hydroxymethylfurfural, UV spectrometry, 205
injections; containers, PVC, leaching, diethylhexyl phthalate, 259
isoproterenol; solutions, stability, in polyvinyl chloride bags, 709
vials; multiple-dose, therapeutic effects on preservatives, 1196

Substitution; anti; laws, state, effects of amendments on formulary system, 90

Sulfisoxazole; tablets; comparison, brands, dissolution-dialysis profile at various pH levels, 1323

Suppositories; progesterone; manufacturing, and analysis, by hospital pharmacy, 1344

Surgical supplies; administration sets; additives, incompatibilities, with secondary additives, 939; comparison, flow rate study, 1315; insulin, adsorption, onto polyvinyl chloride containers, 583

Sweden

health care; discussion, 1327
hospital pharmacy; discussion, 1327

Sweetening agents; saccharin; incompatibilities, activated charcoal, effects, on adsorptive qualities, in vitro, 1342

Sympathomimetic agents; isoproterenol; solutions, stability, following storage in polyvinyl chloride bags, 709

Syringes; unit dose; inhalation therapy, vs multiple-dose vials, lack, effects on pulmonary infection rates, patients, 492; sterility, method for bacterial surveillance, 47

Syrups; potassium perchlorate; stability, 93

T

Tablets

hydrochlorothiazide; comparison, brands, dissolution-dialysis profile at various pH levels, 1323

nitrofurantoin; comparison, brands, dissolution-dialysis profile at various pH levels, 1323

sulfisoxazole; comparison, brands, dissolution-dialysis profile at various pH levels, 1323

Taste; potassium chloride; comparison, products, 1090

Technetium; Tc 99m; labeling, red blood cell, using tin pyrophosphate, 264

Temperature

aspirin; stability, effects, combination, caffeine, phenacetin, propoxyphene, 267
potassium perchlorate; injections, i.v., and oral

solutions, refrigeration, effects on stability, 93

preservatives; vials, multiple-dose, effects on bactericidal ability, 1196

Tests, laboratory

Clinitest; interactions, ascorbic acid, lack, effects, high doses on tests results, patients, 1347
theophylline; drugs, interference, spectrometry, UV, 496

Tetracycline; derivatives; therapy, review, patients, 49

Thanatology; pharmacists; role, patient and family, 490

Theophylline

availability; dosage forms, comparison, i.v., tablets and solutions, asthmatic patients, 525
dosage; calculations, pharmacokinetics, role of pharmacist, asthmatic patient, 402
half-life; fluctuations, acute left ventricular failure patient, 408
spectrometry; in biological fluids, 984
spectrometry, ultraviolet; drugs, interference with lab tests, 496

Time; effects; diethylhexyl phthalate, concentration, in PVC bags containing 5 different solutions, 259

Tin pyrophosphate; labeling; red blood cells, with technetium Tc 99m, 264

Toxicity

acetaminophen; poisoning, antidotes, case report, 391

amphetamine; psychoses, following intentional overdose, patient, 883

ampicillin; alkalosis, hypokalemic metabolic, following high dose i.v. therapy, case report, 528

cephalothin; phlebitis, prophylaxis, heparin and hydrocortisone, patients, 29

containers; injections, i.v., plastics, comparison, glass, discussion, 357

drugs; Boston Collaborative Drug Surveillance Program, results, summary, 753; studies, neonates, following prenatal, labor and delivery and postnatal exposure, 609

injections; intravenous, side effects, large-volume parenterals, 1332

methotrexate; prophylaxis, leucovorin rescue, patients, 961

silver proteins; mild, argyria, mistaken for cyanotic heart disease, case report, 287

steroids, cortico-; side effects, humans, 479

theophylline; half-life, fluctuations, acute left ventricular failure patient, 408

ventilators; side effects, pharmacist monitoring of patient therapy, 362

Toxicity, environmental; inhalation therapy; studies, unit dose syringes vs. multiple-dose

vials, lack, effects on pulmonary infection rates, patients, 492

Tranquilizers

chlordiazepoxide; availability, following i.m. injection, patients, 965

diazepam; availability, following i.m. injection, patients, 965

U

Unions; collective bargaining; laws, National Labor Relations Board rulings, implications for hospital pharmacists, 541

Unit dose, drug distribution systems, see Drug distribution systems, unit dose

Use review

hospitals; drugs, models, 5-component, 251
pharmacists; role, hospitals and skilled nursing facilities, 139

Utilization review, see Use review

V

Vasodilating agents; cerebral vascular disease; therapy, discussion, 1075

Vehicles; injections; leaching, diethylhexyl phthalate from PVC bags, 259

Vials

inhalation therapy; multiple-dose, vs. unit dose syringes, lack, effects on pulmonary infection rates, patients, 492

multiple-dose; preservatives, effects of refrigeration on bactericidal ability, 1196

Vitamins

additives; incompatibilities, protein hydrolysate, combination, dextrose solutions, 589

effects; decrease, insulin loss, parenteral nutrition solutions, 353

W

Warfarin; short bowel syndrome; therapy, case report, 171

Water; sterile; effects, ethylhexyl phthalate concentration, in PVC bags, 259

Workload

drug information centers; following relocation from school of pharmacy to teaching hospital, 42

hospital pharmacy; drug distribution systems, effects on staffing patterns, 1093; PROMIS, problem-oriented drug information, 155

pharmacists, hospital; studies, in rural hospital with comprehensive services, 1063
